

# PVDF ORE FINISHES

Enjoy the look of natural metal patinas that never change with PAC-CLAD Ore finishes from Petersen. Ore finishes provide designers with alternatives to expensive and unpredictable natural metals that will not tarnish, discolor or rust, making them an ideal option for clean, elegant metal architecture. A lineup of 16 Ore finishes ensures creative design flexibility and can deliver a finishing touch to any type of project. The PVDF Ore finishes are available on PAC-CLAD wall and roof panels, coil and sheet in aluminum and steel. Ore finishes are not stocked, so consult PAC-CLAD representative to discuss warranty, lead time and related issues.

 Printed colors are not exact representations of actual PAC-CLAD Ore Finishes. Please ask a PAC rep for color samples before making a final selection.
